IMPROVEMENT PERMIT
(Plat Attached)

PERMIT EXPIRES: 5-13-08

This on-site wastewater treatment and disposal system improvement permit is issued in accordance with Article 11 of Chapter 190A of the General Statutes of North Carolina and the rules adopted pursuant to this Article. This improvement permit is issued for the property and is to serve the facility as described in the application above. The improvement permit must be accompanied by an "Authorization for Wastewater System Construction" prior to the installation or repair of the wastewater system or before any required building permits can be issued. This improvement permit is transferable provided that both the site wastewater system and the facility the system serves are unchanged and remain under the ownership or control of the person owning the facility.

Wastewater System Design Flow: 240 GPD Proposed On-Site Wastewater Disposal System: EZflow Long Term Application Rate: 45 Max. Trench Depth: 24

Comments and special conditions: Owner requests use of EZflow
